- technical requirement:
- 1 . Dimension requirements: 355x355x2.0mm
 - 2 . Back glue requirements; crown 613, neutral back glue paper, back glue can not appear unglue, foaming and other bad
 - 3 . Soft magnetic requirements; optical oil, t2.0mm, 370 magnetic force 515 Gauss
 - 4 . Reference to 3D drawing without annotated dimension;
 - 5 . The surface to prevent scraping, bumping, crushing, deformation and other bad.

				The linear tolerance is GB / T1804-m; the shape tolerance is GB / T1184-K						design	Wang Enda	2024/3/9	Jie Xinhua Technology Co., LTD	material	rubber
				Linear basic ruler, pole of inch						example and				type	SV05P
