

edition	A0
material code	200202009210

3.2
The rest

- technical requirement:
- Surface treatment: natural color treatment;
- 1 . To deburr, the sharp angle is too blunt;
- 2 . No note of the chamfer C0.2;
- 3 . The size with the * number is the key size;
- 4 . Reference to 3D drawing without annotated dimension;
- 5 . The surface to prevent scraping, bumping, crushing, deformation and other bad.

				The linear tolerance is GB / T1804-m; the shape tolerance is GB / T1184-K							design	Xiao Zepeng	2024/3/27	Jie Xinhua Technology Co., LTD		material	6061 alloy
				Linear basic ruler, pole of inch section, limit deviation	> 6~30	> 30~120	> 120~400	> 400~1000	> 1000~2000	> 2000~4000	examine and verify					type	SV05P
