

editio n	A1
material code	2004020085 92

technical requirement:

1. Use 100% new material for all materials,
2. All materials must be confirmed by samples before production;
- 3, the appearance surface frosted, grain reference sample;
- 4, the product can not be deformed, not allowed to have strain, shrinkage and air lines and other surface defects;
- 5, the surface of the parts is clean, free of oil, chips, dust, etc.

				The linear tolerance is GB / T1804-m; the shape tolerance is GB / T1184-K							design	Xiao Zepeng	2024/3/21	Jie Xinhua Technology Co., LTD	material	ABS+PC
