

editi on	A1
material code	2004020085 95

- technical requirement:
1. Use 100% new material for all materials,
  2. All materials must be confirmed by samples before production;
  - 3, the appearance surface frosted, grain reference sample;
  - 4, the product can not be deformed, not allowed to have strain, shrinkage and air lines and other surface defects;
  - 5, the surface of the parts is clean, free of oil, chips, dust etc

				The linear tolerance is GB / T1804-m; the shape tolerance is GB / T1184-K				design examin	Xiao Zepeng	2024/4/8	Jie Xinhua Technology Co., LTD	mat erial	ABS + PC (black)
